

HEALTH & SAFETY LEVEL – 2

An ideal introduction to health and safety for anyone working in a low to medium risk environment. Although it does not provide a qualification itself, it does provide the knowledge and understanding required to go on to achieve a level 2 health and safety qualification. The nine modules of this course cover the key content and knowledge required to go on to achieve a recognised level 2 health and safety qualification. To achieve a regulated qualification the learner must sit an assessment with a recognised training provider.

 Areas Covered	 Who is it aimed at?
Accidents including slips, trips, and falls Legal responsibilities Risk assessment Hazardous substances (COSHH) Workplace health, safety, and welfare Work equipment Fire First aid Manual handling	Ideal for employee inductions or for anyone wishing to go on to achieve a level 2 health and safety qualification. The course can also be used as part of the on-programme element of the new apprenticeship standards, supporting the knowledge, skills and behaviors apprentices need to effectively integrate into the workplace.
	▶ Learners will receive a Highfield e-learning completion certificate, which is downloadable upon successfully finishing the course.
	▶ Our e-learning is available to use on multiple platforms such as tablets, PC's and laptops. All you need is a good internet connection. Learners simply log on to the Ubiqube Learner Management System (LMS) and work their way through the course, along with the scenarios that provide them with real-life context.

Why Choose Ubiqube Safety Consultancy E-learning?

We make the most complex of subjects easier to digest through media and content-rich exercises that motivate and engage learners. All our e-learning uses interactive exercises and gaming combined with media-rich content, interactive scenarios, and relevant photography and illustrations. Content is provided by industry-leading experts. What that means for your learners is stimulating and engaging content they will respond to and, most importantly, remember.

Key Details
